

“LPP S.A’s response”, 23 January 2024

Thank you for sending us reports of alleged labour and human rights abuses of garment workers in LPP supply chain in Myanmar.

We would like to inform that we have not encountered any evidence that Bohua Fashion, Maiyibei Garment Manufacturing, and Sen Yu factories are part of our supply chain.

Concerning the rest of factories we are in touch with our agents to get to know if they confirm the allegations and are aware of the information forwarded to LPP by B&HRRC. We will carry out investigations and share their results with B&HRRC.
